Re: The Chicago Code

Dear Reader:

Reserve your copy now of the 2008 Chicago Municipal Code. The code contains the new and amended ordinances of the city as adopted through the Council Journal of June 13, 2007. Completely reprinted, this is the most accurate and comprehensive version of the Chicago Municipal Code and is available through **the only code publisher under contract with the City of Chicago.** The code is in three volumes including Titles 1-18, tables and a comprehensive index.

Anyone wishing to receive the latest amendments should purchase the 2008 version as published by American Legal Publishing. Supplements to the reprinted code will be issued on a quarterly basis.

The Building Code and Land Use/Zoning Code contained in the Municipal Code are also available for separate purchase. And, all of the Codes are also available on CD-ROM in the award winning Folio search and retrieval program.

Place your order today by completing the order form listed under Products on our website. The Code will be ready for shipment in late January. Feel free to contact us by telephone at 800-445-5588 or via email at [rmoss@amlegal.com](mailto:rmoss@amlegal.com) if you have any questions.
